Sniper / Attack the Net Game

Description

Good offensive zone game for when you only have a single goalie. Both teams are trying to score on the same goal.
Drill starts with Coach dumping puck anywhere in the zone. First two players battle for the puck and to make a pass to their next teammate in line.
Goals can only be scored off a pass. Players in line MUST immediately attack the net for a shot, but they can pass for a quick shot or deflection.
New players stay in the game. Each team can have up to 3 players in the zone at once.

Key Points

- Attacking players should be moving towards the net as they take the pass.
- Goal is to score quickly off the pass.
