CLINCIAL EXPERIENCE

Locum Emergency Department SHO

Basildon University Hospital

Aug 2021 - Present

Locum doctor working primarily with a large team in a busy A&E department that saw over 300 patients daily.

- Confident seeing patients in majors, minors, and paediatric A&E
- Diagnosis and management of acute medical and surgical problems in adult and paediatric patients
- Wound care management including giving local anaesthetic and suturing
- Competent at performing fascia iliaca blocks
- Gained the confidence of my seniors and regularly asked to step up to work ST shifts

Foundation Doctor

King's College Hospital

Aug 2019- Aug 2021

Working 4-month rotations in each of:

- Apr 2021 to Aug 2021 — A&E (FY2)
- Dec 2020 — Acute Medicine (FY2)
- Aug 2020 — Psychiatry (FY2)
- Apr 2020 — Trauma and Orthopaedics (FY1)
- Dec 2019 — Vascular Surgery (FY1)
- Aug 2019 — Gastroenterology (FY1)

PROFILE

I am an F3 Doctor currently locuming at Basildon Hospital.

I have over 13 months of experience in Emergency Medicine including 9 months as a locum doctor.

I'm passionate about Emergency Medicine and have completed MRCP Part 1.

I am looking for ad-hoc locum work in A&E around the Essex area from August 2022 onwards.

SKILLS & PROCEDURES

- Suturing (competent)
- Fascia iliaca block
- U/S guided venepuncture
- Interpreting radiological investigations
- Good bedside manner
- Decision making under pressure
- Time-management
- Strong communicator
- Good record keeping
- Adaptable to new hospital IT systems and guidelines

A&E Experience:

- Overseeing the care of 11 patients per shift on average during my A&E rotation
- Regularly performed and interpreted common bedside investigations i.e. venepuncture, ABG, ECG, urinalysis, and hydration status
- Regularly interpreted radiological investigations i.e. x-ray and CT scans
- Use and administration of emergency drugs including adenosine, calcium chloride, metoprolol, furosemide and GTN infusions.

Other Clinical Experience:

- Committed to self-development; I accumulated 150 CPD points in F2
- My audit work improved patient flow from A&E to AMU by adapting the existing pathway
- Clerking of elective and emergency surgical and medical patients
- Assisting in and performing the closing sutures in multiple surgery procedures
- Attending and occasionally leading daily ward rounds in both medical and surgical specialties
