What is your reason for the rating you gave?

It’s pretty good.

love events

They do a great job with the event planning and lots of advertising for making sure people know what’s going on around campus.

I felt very included with the events and makes me excited to be in campus

It’s good and I enjoy it

There are plenty of events to socialize at.

They had some good events but not enough

I love all the events held

I think ASWWU do pretty cool things

good school in a good place

Just a W

Not many events, events seems cheap

They do a lot of different events that are nice!

ASWWU’s presence has been more like occasional feasts, bigger events that are really fun and great, but are few and far between.

They only serve one community on campus.

The events

i like the events

I love aswwu

They’ve had some fun things that they’ve put together and I feel like they do things pretty frequently.

Don’t know much about them

I think it's decent, not too bad but also not astonishingly great.

ASWU always brings very pleasant events and does a good job satisfying the students needs

idk i feel like they do stuff but it doesn’t have that much of a presence on campus and the events are always announced very last minute

It's been pretty amazing but a few events could have been better advertised

They are very present overall, but I do wish there were mroe overall events, such as open mic nights.

They have put on very good and interactive events this year

I work with ASWWU

Good fun events and pop ups

I don’t interact with it much; can’t really say

Satisfactory honestly

I feel like they have good ideas but poor follow through in certain events

I honestly don’t know who they are so I can’t say I’m missing something but the lack of their presence because I don’t really know what they offer

It feels like the activities are catered towards a certain group of people who are “outdoorsy” and/or “trendy”

I haven’t done much with them but I k ow they do good stuff

I think they don’t do enough events

I'm neutral

It could be a little more but from what I have attended this year, it's been good.

I haven’t seen any events that they used to have I have only heard of banquet and battle of the bands and they weren’t fun. I wish they had the smaller more fun events they used to have. They are really lacking this year.

They are overall great people! Glad to have them around the campus.

It’s just alright

There are very few events this year and things have been significantly lower quality

There are always events that reach many different groups of people regardless of interest.

BATTLE OF THE BANDS

i have loved all of the aswwu events happening recently.

I’m mostly satisfied with it

I like what they've done

I always hear about events late

Fun events but not many

Very present

Don’t know much about it

I feel like its kinda irrelevant

I appreciate the pop up and events. I think it could arrange and announce better

It’s good

I like that they have a lot of events going on

Decent

I like the activities

ASWWU seems to be disconnected from the ethnic clubs on campus

they're everywhere

Have loved all the events and interactions

The events seem to not always be super well known or not at great times for attending

The event feel like super underfunded and like middle school

Well run but the presence seems to be waning

There are a lot of social events

The ones I've been able to attend are fine, I can't attend more because of so many extracurriculars that are in the evening

Effort is something that takes a lot of time and I respect and appreciate y'all hard work to make the school amazing.

I love all of the events that they put on!

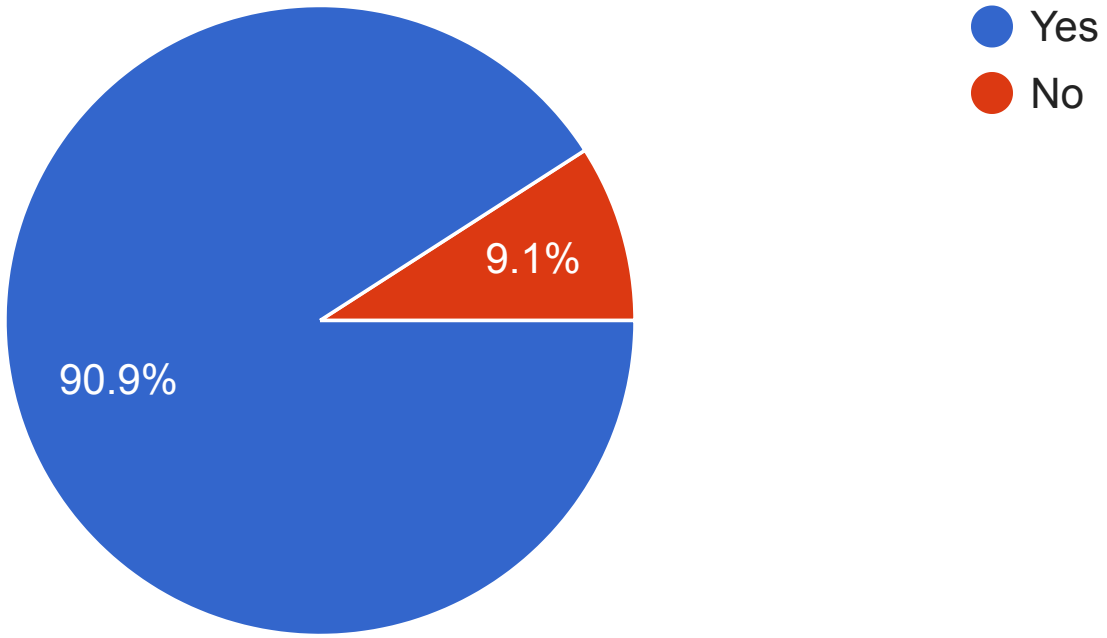

I feel like I haven’t seen the aswwu officers a lot, seeing them involved more would be nice.

I don’t think events are advertised as much or as effectively as they could and should be

Have you attended any ASWWU events this year?

What kind of presence would you like ASWWU to have? Fun events, student opinions, campus improvement, community outreach, student resources?

59 responses

Fun events

More fun events

Fun events

Maybe more community outreach

fun events

I think they’re doing a great job, maybe more of the smaller events like open mic nights or easy to plan gatherings.

Anything related to God.

Campus improvements

All. More fun and spititual

I don’t know, something that everyone can be involved

Idk man

I think opportunities for more inclusivity, I also would love to see a lot more outdoors events.

I think they are doing a good job now.

I would for ASWWU to have consistent and various events that cater to different peoples’ interests and social circles. I’d love for ASWWU to have a “Weekly Meals” mindset rather than “Monthly/Quarterly Feasts”

I would say gear towards all not just religious.

More food

Be a community for the people.

I like what they are doing already. Mayeb some kind of game night with prizes

More fun events and communities.

More fun events throughout the year especially during winter

more fun community building events would be great!

All of the above. The fun events and community resources mostly

Basically any music events!!! Or events that can facilitate more networking with people.

ASWWU has a good social presence.

Game nights

N/A

Good pop ups

Fun events and student resources

The Sac having more of an area to hang out + fun events

Events for all, more music, campus improvement

More fun events and community outreach

I would love more emphasis on student resources and campus improvement. There used to be more pop ups and smaller events and I wish those would come back. This school used to have a much more active social life and now it just seems dead.

The Hall v. Hall events for the dorms have been great, but might be nice to have like a night or evening where people bring board games, cards, etc that occurs every other week

All of the above!

More events that students actually want to go to

I would love more outdoor events such as pickleball tournaments or lawn games

Music music music

more fun events!

The fun events are always appreciated

I'm not sure

Better advertising

They seem to have a good presence now!

Student resources

Food

All of these seem interesting

All of the above

fun events (:

Being a fun and willing to change things on campus

Opportunities for events in the evening or over the weekend that get people out of the dorm

Give us more free merch and funner concerts and better activities and trips

campus events & socials

Slipping slide

more fun events/more variations of timing if possible. I keep skipping banquets because they're often around midterms.

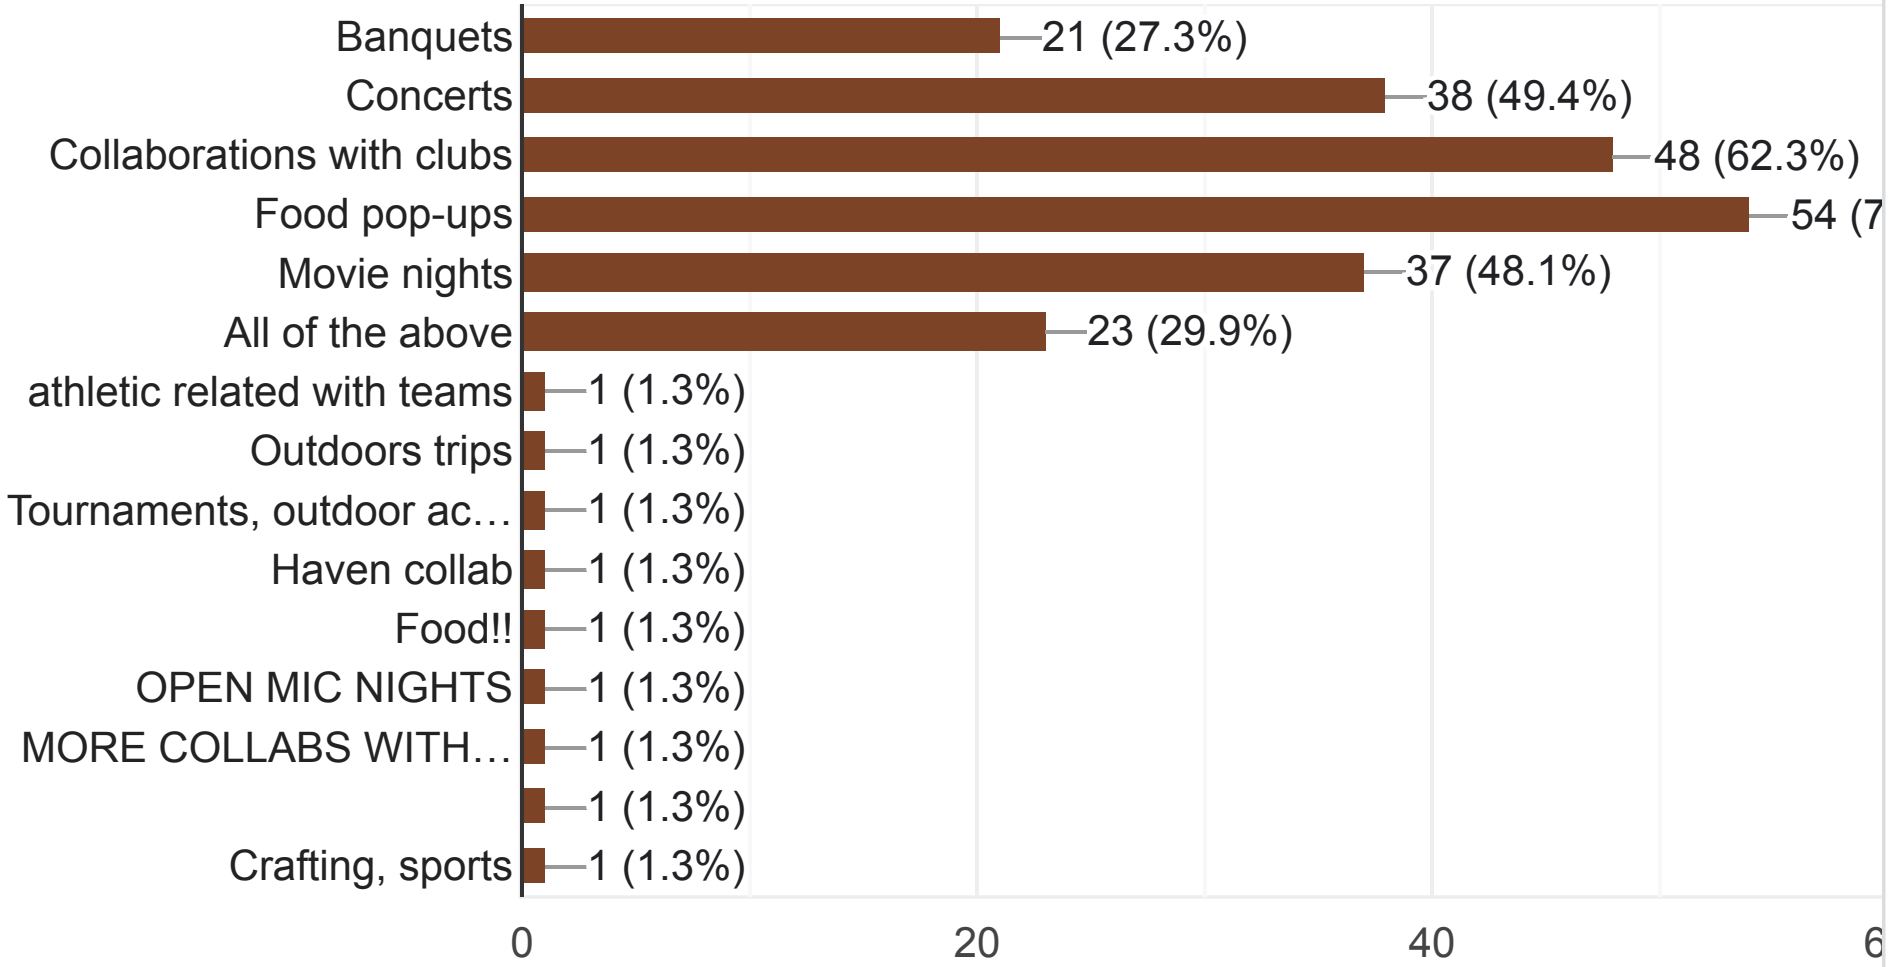

All of the above :)

Aswwu should have a big presence on campus since they represent the student body

Fun game night things

TALENT SHOW

Bowling

Men’s ministry

See above answer! Also game nights, little events like No Longer Strangers or open mic nights. Having a CONSISTENT schedule, like once a quarter is open mic nights, no longer strangers, etc. do people know when they’re happening and can look forward to them

Food truck

Rollerblading

make welcome back bash more fun! have volleyball or other games set up. hype up an end of year bash too with like slip n slides, music and fun summer games

N/A

Good pop ups, more fun events

n/a

Way more music/karaoke nights with different groups

The event ideas provided above also sound pretty sweet!

Dating show

Mario kart jazz club game night (play Mario kart while jazz group plays the soundtrack of the level they are on) (I am Timothy and I really wanna do this so I'd be so down to help)

I am not sure so far I am excited for everything

Boring things

I like them all

I think the events are good

All good

Not really anymore banquets, there seem to be enough

All are good

I love pop-ups, but I don’t want pop-ups to be the ONLY weekly/biweekly engagement ASWWU has with students

Ones only geared towards one group

Idk

i can’t think of right now

Gun shooting

I like all events

The communitiues about mountains were good, but a bit boring

Nothing really

idkkk

None that I can think of

None!

they're all good to me

Dating show

Boring ones

No more film festival or dating game

I'm not really sure

Sports-focused ones

Nothing in particular.

Story

Large scale events, they take up a lot of the budget and aren’t as good at creating connection

Banquet

Don't care

none!

I feel like everything is a good mix so far- maybe a little more effort into banquets? I'm not sure, I haven't been able to go to a lot of these events.

For me it would be Banquets

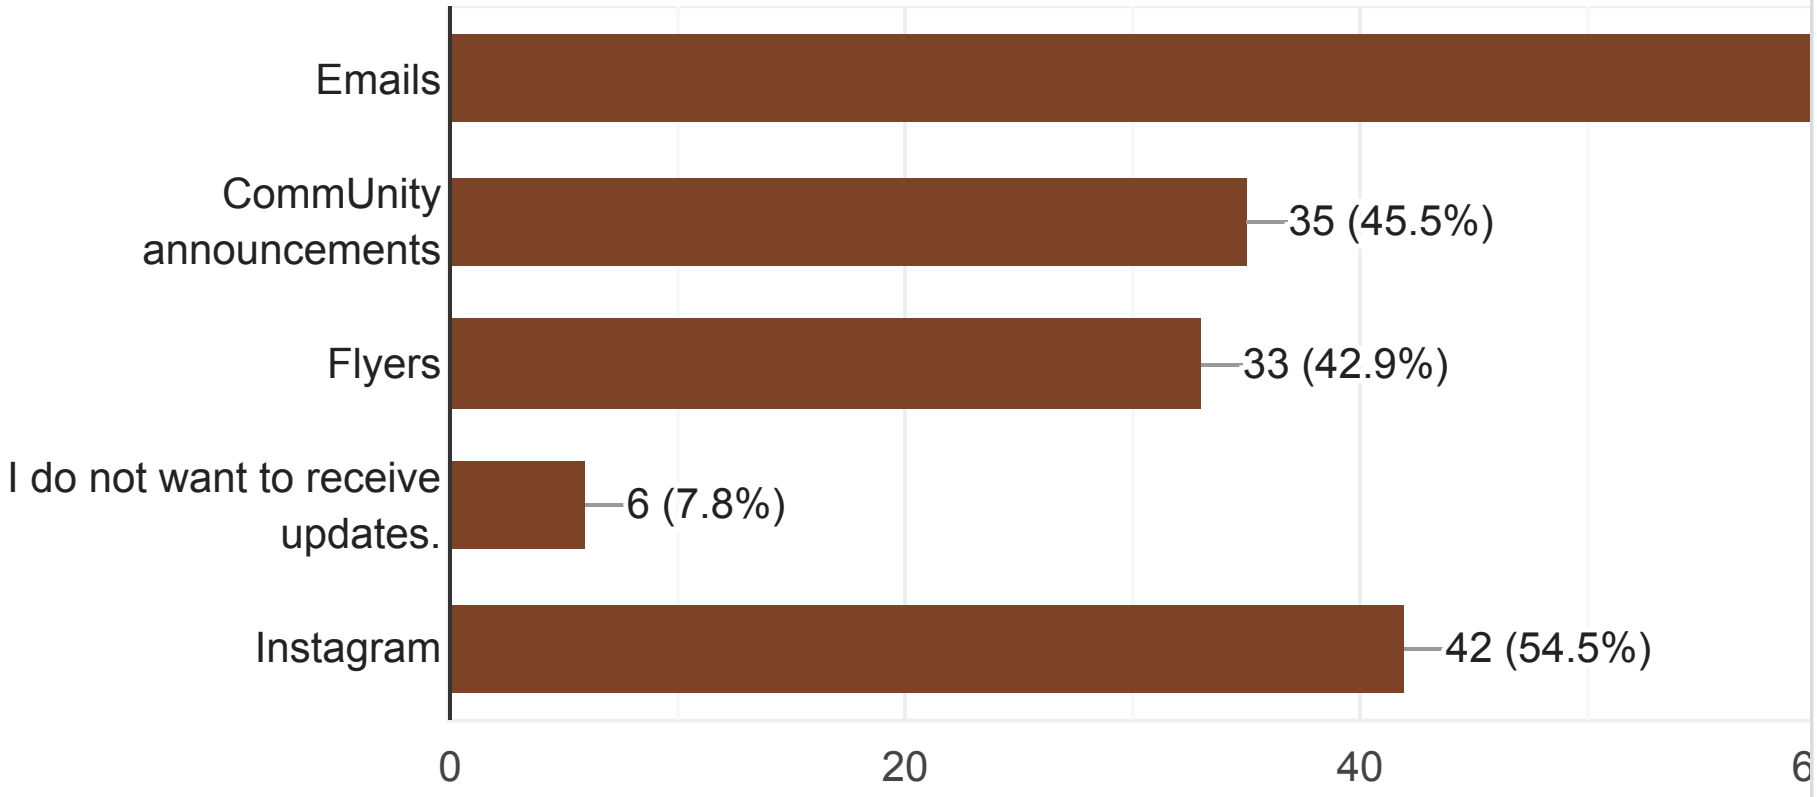

Anything without food heh heh

N/A

Not sure

Idk

Communication

.

more relationship with athletic teams

Doing smaller events more often

More activities and pop ups

More events that happen every month

More events at the Atlas

No idea

Nothing

Nothing

I think having more funding would be amazing, aswwu has so much potential but no one cares anymore because there is so much administration oversight.

More emails and updates

Finding ways to represent and include ALL students on campus. This doesn't mean make every single event reach the most people possible (although this is important, especially with big events like Banquet and Battle), but it means that ASWWU has a consistent variety of events that allow there to be something fo everyone throughout the month/quarter

the promotion

Loving the world

No opinion

Events

More collabs with clubs

Nothing really. They do a really good job.

promotion of events and again community building fun

More community outreach

Getting more people involved

Advertising events

Marketing

more frequent events

uh idk honestly

Creating events for people with varying interests. Events can be more niche to better suit individuals. If you try to please everyone, it will never be suit for everyone

n/a

Being more inclusive

More food???

Having better engagement and diversity

Advertising more ahead of time

More time-ly announcements of things and giving credit where credit is due when it comes to colabs.

Advertisement and quality of events

Nothing specific, keep it up!

Social

Better marketing of events

Idk

Actually working to include all students and create good connections.

Planning events based on what the student body would like to do

Involve community for running events. Many people have ideas and you could do a lot more if community members help plan things they want to happen.

maybe making it more prevalent on social media

It’s Communication

I'm not sure

Transparency and communication

Spiritualitu

vespers

Events i guess

Announcement and times

Food

Banquets

Communication about events

n/a

Communication of events before hand

Giving more information ahead of time

More funding

Presence

Announcements

they're pretty awesome already! one thing is that it would be really nice to have the date for ASWWU events listed in the description of the event lower in the email, not just in the quick glance list at the top of the email.

As of right now nothing. Everything is going well

Just maybe host things more often?

Aswwu could improve on their president being more involved

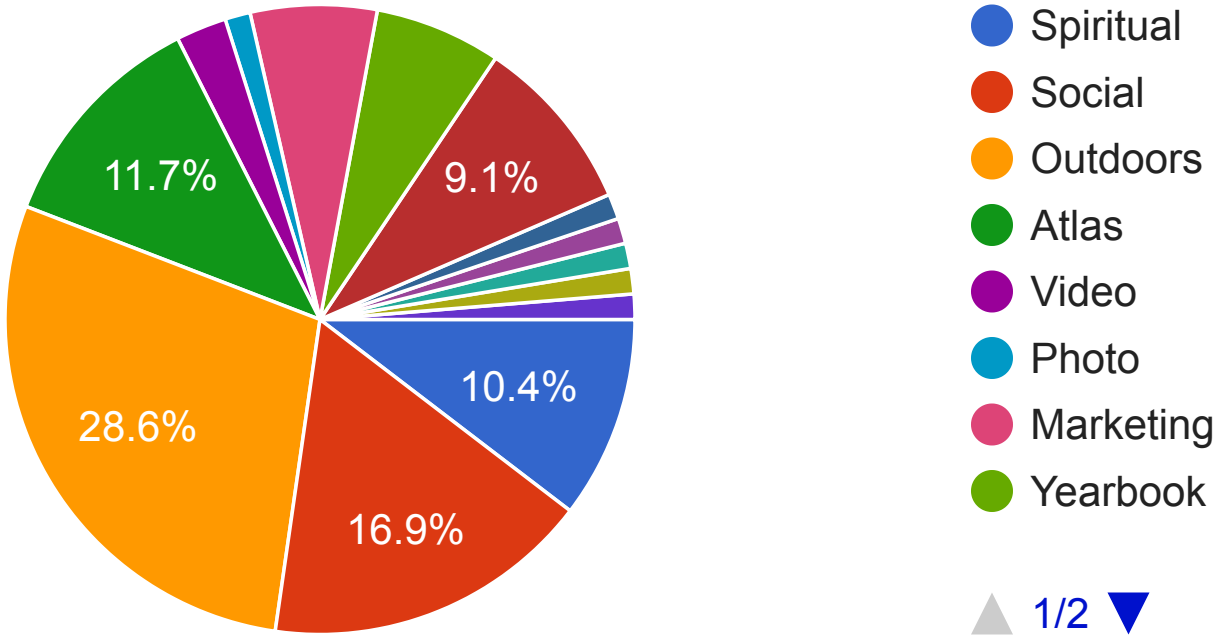

Advertising events

I know it’s been difficult to plan events this quarter, but thanks for putting a bunch of work into the ones that have happened!
#i❤️ ASWWU

I appreciate this survey because I feel this school doesn’t like honest feedbac
but this shows that at least someone wants to know what us as students thin

No questions or comments, thanks!

I'm gonna plan a Mario kart jazz club night anyway in the SAC because I really want it to happen, so hit me up if y'all wanna help.

last year's yearbook was really disappointing, it looked like a joke with SO many spelling errors. I'm a senior and I'd really appreciate it if our names weren't misspelled... it sounds like this year's will be better and I'm looking forward to it! I also love how intentional ASWWU photo has been about getting pictures of clubs that would normally be ignored in the yearbook. otherwise I'm loving all the things ASWWU has been doing (:
