ECOBLEND

What is EcoBlend?

A café that aims to promote an eco-conscious community within a compound. Our goal is to raise awareness and inspire sustainable living for the residents.

SORT THE TRASH

What did you notice about the labeling?

Check the bottom of the cup with no labels

Was it easier to sort the trash with the cup with labels?

Feature 1

Labeled Cups and Trashcan

Each cup is labeled "recyclable," "compostable," or "waste"

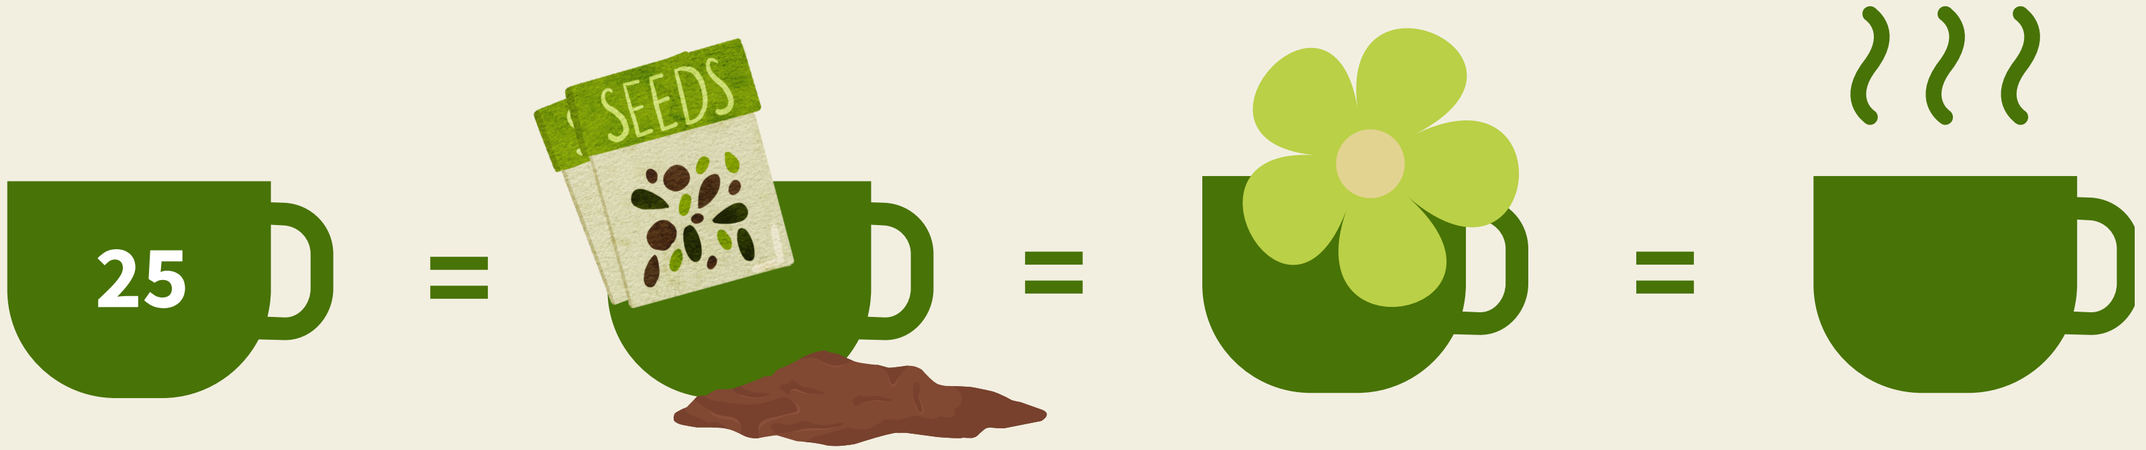

- Educate customers on proper disposal

This interactive experience encourages individuals to reflect on their actions and extend sustainable practices to their homes and workplaces.

Feature 2

One Flower = One Coffee

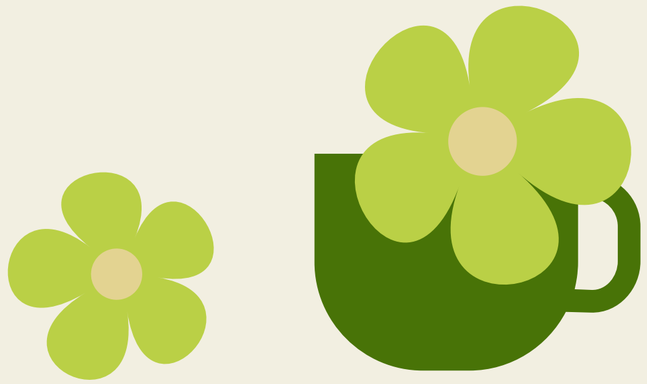

25 purchases | Seeds + soil | Flower | Free coffee

Feature 1

One Flower = One Coffee

This helps build the community garden outside of the café

- Soil from composted coffee ground
- Visually present the benefit of being eco-concious
