You tell your son he is NOT welcome here. Taken off the lease and bound. Worthless. Don't show his ugly fucked up face around here again. Police will be called. Ask him if it was worth it. And riding MY BIKE he has. Stay Hispanic. That's what you ALL are.

Stabbed me in back of leg having emergency surgery, hospitalization, extreme pain (packing/unpacking) still to date, gel tissue being removed, pile of bills

June 26 2019
Note:

9:10:34 AM
Hi. Now that you're home I'd really love it if you'd take me out to a movie. Or we could snuggle like we do and watch creed 2, get some popcorn or pretzels? Reese's? Maybe talk about what kind of other movies we like or or find a fun board game to play together. I know your favorite is abalone. What do you think?

I was also thinking the other day how much I miss you sending pictures of yourself throughout the day. Sending me songs you wanted me to hear or thought I'd like. But what I really miss are the kissy, love emojis you would send just because. I really miss those. Especially the ones with hearts. They'd always make me smile cause I knew you were thinking about me. You do Crystal though! Even asked her to FaceTime?? You don't do ANY of these anymore yet you wear your

wedding ring and mine around your neck and tell me how much you love me. But you're telling this woman (who looks like TPT) you want to snuggle with, take out to a movie, play board games with?? Sending music, cutsie, kissy, love emojis to LIKE YOU USED TO ME and could have been but decided to her ??!!

Telling her you want to woo her, sweep her off her feet?? HOW DO YOU THINK THAT MAKES ME FEEL?? Why don't you say that to me? What would you do if you found me having this convo with Ben or John or anyone other than you?? I'd be beaten to a bloody pulp!

One of my favorite sayings from Crystal's FB you loved along w so many others was LOSING SOMEONE WHO DOESN'T RESPECT OR APPRECIATE YOU IS ACTUALLY A GAIN NOT A LOSS. You don't or have you ever respected or appreciated me. Especially the appreciation part. only taken advantage of and disrespected me as a woman.

Here's another you loved: YOU CAN'T COMPARE ME TO THE NEXT GIRL BECAUSE THERE IS NO COMPETITION IM ONE OF A KIND AND THATS REAL. You made me at one point in our relationship think I was your no competition girl. I know I will be someone's. Not your's anymore. You will NEVER find another like me.

I found EVERYTHING on your phone. All your messenger texts, telling Christine you want to meet up w her when she's here. Calling her beautiful, thanking Nonchalant Quaay for adding you and calling her exquisite, telling Pamela Erikson good morning and sending pictures at 12:38a, messaging Camille, then the whole 2 day convo w Crystal. How dare you! And send pictures wearing my "wedding ring!" You're a cheating, lying scum bag. I will NEVER trust you. Why don't you put your mugshot up, or I will since I have your phone and long in, and tell everyone why you're in jail for the 3rd time! Let them know you beat your "wife" and she put you there because she couldn't take it anymore!

Mopeds, section 8, I dream of Jeannie-then and now, Hilary Clinton, all your FB shit, Levi's, all the stupid cats you were hoping would make me like you again, PS4 and ALL your porn. So disgusting. What you watched at what time on what day. I'd say a prayer for your kids and parents cause you've swore on all their lives you weren't or would again NONETHELESS knowing ESPECIALLY how much it hurts me! Same sick lying untrustworthy creep you'll always be.

I want nothing to do with you ever again. I've become a different person since you've been gone with less stress, anxiety and worry. I feel safe, comfortable, happier with you not here or seeing you at all. I can say though I do have heartbreak after going through your phone. Thank you for always proving me right. I knew when you told me your mom gave you one you'd be back to your slimy ways. You will never change. I hope it was all worth it. All of it. Including taking/losing my

debit card for the 3rd time to buy beer/cigarettes which put you back where you belong. I know for a fact you were not worth any of it for me.

I just can't believe after everything, EVERYTHING, I've done for you, including all I did to get you out of jail, you'd do this to me. THIS IS CHEATING!! As you like to say you "haven't stuck my dick in nobody" you would have already if she lived here. Or any of the other gross skanks you've been trying to be "Friends" with. Eventually you'd probably send one of your old ridiculous dick pics. Only God knows what you've been doing on Instagram or POF. What have you EVER done for me, rather to me other than causing heartache, pain and sadness? I wish you'd try to change my mind like you said you would hers. Does she put scar gel on her wounds everyday and have permanent nerve damage where she can't sleep at night from being stabbed in the leg, has she lied to numerous sheriffs about being beaten, has she been arrested for fighting for her life, does she have a baseball bat for protection against you, has she ever been strangled, has her debit card been taken and lost over and over to go buy cigarettes/beer, has her car been taken drunk to go buy more alcohol in the middle of the night with no license not caring if you destroyed one of her most important necessities especially having children, do her kids have a counselor because of you hitting her in front of them, lied to DCF so they're not taken away or her arrested, if she has pets have they been kicked and told how much you hate them, has she ever had a black eye, has she been lied to over and over about watching porn and promised on her children it won't happen again, has she had multiple complaints against her where she's been threatened to be evicted, has she supported you in everything and given feedback to make sure you go in the right direction, gotten you your ID, birth certificate and voter's registration card in every aspect so you can actually be an adult with the proper credentials, done your taxes? So much more that she HASN'T done for you or any of the other bitches you're trying to start something with I HAVE!!

I can't say have a nice life because you make it shit, you do not anyone else, just like you did mine. Lukas too. You won't be missed snake. For someone who doesn't like them, you're extremely cold blooded and can crawl on your belly like no one I will ever meet.

Dirty cheat. Enjoy your filthy porn and jerking yourself off secretly so your parents don't see and your ugly new girlfriend(s). I can't wait to FINALLY be with a real man (Ben) who WILL and has taken care of me, even in the few instances we've gone out. Treats me with respect and like I'm not "one of the guys" I'M FREE!! As you told Crystal in your messenger texts, you're single with a little cutsie dancing dinosaur (WOW) now you really are. You're desperate, disrespectful and disgusting. YOU WILL NEVER CHANGE!! I'm ALWAYS right! You'd think you would do things differently by now so I wouldn't have to be.
You've made me feel so ugly inside and out after this, especially calling other women beautiful, love and exquisite. Not me. Feel good about yourself. We use to have fun and you say nice things

to me. Now it's dead like you are to me. Thank you for letting me see your true colors. No wonder you like grey and black so much. Keep collecting stones.

You're a heartless, selfish "human" being. You feel nothing. I will again with someone else and you will still be the same lying, cheating fraud that you are.

—
Add above I took care of crystal by telling her all about you, what you've done to me and that I put you in jail for the 3rd time because of it. Even asked her if she wanted me to send her your mugshots so she could like those too. That's why she hasn't gotten any responses back. Now she wants nothing to do with you and doesn't want to hear from you again. Couldn't believe it. Like I can't. Always remember I'm smarter, more resourceful and brazen than you will ever be. Were you thinking you and she would have some kind of long distance relationship? Send more pictures to each other? Kissy face emojis? YOU TEXTED HER IN THE MORNING THEN CAME OVER TO MY HOUSE (tried to fuck me but couldn't get off-for the 5th time with me- from "wanking" off to all your porn) I have pictures of us that day we took and the messages you sent her earlier! WHAT ARE YOU THINKING?? I'll do mine on the side while I do others online?? Or Sarah will never find out and I don't care??Nonetheless, you were arrested later that day for being the shit that you are. You beat women. You strangle them. You treat them like objects rather than people. Not me. So disappointing.

I would never do to you the things you have or called me, especially knowing how much it would hurt you. And you "love" me? What a joke! Just like you. If you did you wouldn't have made me feel the way you repeatedly do/did. It really hurts. I'll get over it like I always do but this time will be the last.

It only took me 2 years to realize the scoundrel you really are. THANK GOD I NEVER MARRIED YOU. Enjoy your miserable life, your miserable job, living w your miserable family and figuring out all your miserable fuck ups. You'll never find another like me. Just your sluts online and your porn whores.

Oh, have fun with your PTD and figuring it all out including bike routes and bus stops, especially since you have no computer. Asking for rides will get old with everyone too eventually. How you're going to pay all your court fees and bond amounts. You deserve everything you get. I didn't do what you did to me, ever. At least now my heart can finally mend after you've broken it so, so many times and I can be happy, without you. And I will say it has been nice not being strangled, bruised, beaten or called CUNT or BITCH or sometimes it's CUNT BITCH or WHORE these past few weeks. None of it should have ever happened in the first place. That's why you're in the predicament you are. And actually you're the WHORE. Thank about it.

I promised your parents/family I'd do everything I can to get you out. I did even knowing what you've been up to. That's the end of it. I keep my promises and would have continued helping you until I found all your bullshit on your phone. Remember you fucked this up. YOU! Like always. At least I don't have to babysit anymore. Hope you figure it all out. I'M NOT ANYMORE. EVER AGAIN. I don't care anymore, at least not about you. If you ever did me, you STILL wouldn't be doing what you are and have. Breaking my heart. Now it's my turn.

Make sure when you're looking at my picture you have in your wallet, of Lukas' too when you're truly, deeply missing us, ask yourself again... was it worth it?

I'll leave you with this from your FB page. Do yourself a favor and learn how to walk away. When a connection starts to fade, learn how to let it go. When a person mistreats you, learn how to move on to something and someone better. Don't waste your time and energy trying to force something that isn't meant to be. The truth is for every person who doesn't value you (you never have me), there are tons more waiting to love you better.

Can't wait.

And you can have you're sorry enabling phone when I get all my debit cards, time, money and effort I've wasted on you back.

Never truly yours

Not that bad. Not fun. The judge decided to not transfer him in from jail so he wasn't there. He can talk to me now which he wasn't allowed to before and has another hearing on the 17th. He's called me like 40 times today. Not answered once. I'll tell you more next time we get together. Eating dinner with Lukas. Hope you're doing well. Your family too

Sorry it's so late I just read your text. He seemed fine when I saw him at your apartment this morning. He answered the door right away but was quite bummed out that he overslept. But I was okay and told him no problem just get ready and come to work in about a half an hour. Then I texted your phone and asked if he would rather work the afternoon shift and get some more sleep but he never answered so I have no idea where he is or what he's doing. What happened last night he had a black eye he said it was new cuz I asked him and told him to put makeup on it he said he had it taken care of. Did you two get in it again he acted like when I told him he had a black guy at first he he didn't know what I was talking about I guess he kind of blacked out you can call me back if you want
