Text Messages between Chad and Lori

JULY 13 2019 11:06 PM

Chad to Lori:

> “Concerning the two weeks, BYU-Idaho's graduation is July 23rd. Adam is getting his bachelor's and Leah and Joe are getting their associates. They're all walking in the same commencement ceremony. I feel she will be gone by then, but I will still have that hoopla to deal with because a lot of my dad, nope, because a lot of my and Adam's family are coming and will stay for July 24th. So I believe that's why the Lord hinted I might not get to be with you until that is over. Please ask about that.”

But I sense permanent freedom is coming! 🔥🔥”

I'm honestly not trying to manipulate you to respond. I understand that you need your space but they say you have cut me off and the protection I built around your house is gone.
