Registration and Starts:	Registration opens at 9.30am. You must visit registration to check in. You will be issued with a dibber, or if you have your own, the number will be checked against your entry. If you have not participated before, we recommend arriving early to ask any questions. Mass start at 10:00 for the 10km course – Briefing at 9.55am, map issue 9.57am Mass start at 10:05 for the 5km course – Briefing at 10.00am, map issue 10.02am Mass start at 10:10 for the 2km course - Briefing at 10.05am, map issue 10.07am
Facilities:	Toilets: There are no toilet facilities available. Post Event: The Cwm Ivy café just down the road from the car park is good for coffee and cake after the event. The Brittania Inn in Llanmadoc is good for Sunday lunch.
Your Goal:	To visit each checkpoint in number order as quickly as you can via any route. Checkpoints are mixture of path junctions, cairns, streams, fences and large land formations.
Courses:	Trails will not be marked or marshalled. You must use basic navigation to complete the course. Navigation would include following linear features like paths, tracks, fences, streams or obvious land features, though if cutting the corner between linear features is quicker and you are confident to do so, go ahead.
Checkpoints:	Each checkpoint will be marked with a stake topped with a red SI unit, and hung with a white and orange flag. You must 'dib' the SI unit with your 'dibber' to record that you have visited the control site. The unit will beep and flash to confirm it has registered your dibber – a demonstration will be given in the briefing for those who are unfamiliar with the technology.
Finishing:	You MUST report to the finish, even if you do not complete the course – we don't want to send out a search party only to find you retired and are at home enjoying a cup of tea! An emergency number will be given on the map. All courses close at **12:30** and checkpoints will be collected in at this time.
Results:	When you finish, we will download your dibber and issue you with a printout of your results. Results will also be available online, and the Series League table will be available on the club website the week after the event.
Personal Information:	Your personal information provided for this event or obtained from registration databases will be used to process your entry, publish results, check for missing runners, used in case of medical emergency and to trace missing SI cards.
Event cancellation or postponement	For the latest information check www.sboc.org.uk especially in case of forecasted weather warnings. In the case of cancellation or postponement a notice will be put on the website and through the SBOC Facebook group.

Safety Information:	A risk assessment has been completed but it should be noted that competitors take part at their own risk, and are responsible for their own safety during the event. Competitors are reminded that they are required to report to the finish and/or download once they have started a course, whether or not they have completed the course. Fell/trail running shoes recommended, ensure you wear appropriate clothing for the conditions. If the weather looks to be bad cagoules will be made compulsory. The two shorter courses avoid roads, but there will be a road crossing for the longer course, which won't be marshalled. Signs warning drivers of runners will be used. There will also be vehicles moving in the car park, and the route to the start is along roads through the village. Please take care in the car park and on the road. A number of dogs off leads use the areas, some can be aggressive towards runners if startled. Other users including mountain bikers and horse riders use the areas, please be vigilant when on paths or crossing tracks and step aside if necessary. Photographs might be taken to promote the sport. Please let the organiser know if you do not wish to be included.
Medical Information:	Any competitor with a high-risk medical condition is invited to complete a form available at the event and hand it in to Registration in a sealed envelope. Envelopes will only be opened if required for a medical emergency, and unopened envelopes can be collected from registration after your run or they will be destroyed immediately after the event.
Additional information:	Dogs allowed provided they are closely controlled on leads as the area will have a lot of sheep and lambs grazing freely.
