Spook-O Details

Meeting Point: Singleton Park, at the bottom of the Botanical Gardens, close to the Swiss Chalet W3W ///looked.zealous.cool

Sunset at 16:51 - A torch will be essential

Meeting from 6pm - Start at 6.30pm

This session combines compass work and map memory in a fun - if slightly chaotic way.

A course with a number of butterfly loops will be set up in the park. Course is roughly 4km.

Everyone is given a map with a course set out. A few people will have a normal map, others will have a variety of corridor, window and 'Vampire' maps. You will not know what map you have until you start.

Younger juniors will be set off first, followed by a mass start for everyone else.

Once started you can steal/swap maps with anyone else, a big help if you have a vampire map - provided you can catch them, and if caught you must play the game and swap maps!

Small training kites and SI will be used - units will not be in Contactless mode. Dibbers are available to borrow if needed.

Please regaister via www.pre-entries.co.uk

Fancy dress optional but encouraged

Post Session Social - Vivian Arms Hotel, Gower Road W3W ///kicks.dinner.patio
